

PENELOPE

B O U R B O N

ARCHITECT

FRENCH OAK STAVE FINISH

OVERVIEW

The Architect is the new blueprint for the future of precision blending. The first build in this series combines our signature four grain mash bill with two styles of French oak staves. Working in collaboration with Tonnellerie Radoux of France, the market leader in oak barrel manufacturing and innovation, we selected each stave using their state-of-the-art OakScan® process to construct a truly memorable flavor profile. After all, the best architecture leaves no room for error.

PROOF: 104 ALC. BY VOL. 52%

ABOUT US

Award-winning Bourbon company named after the Founders recently born daughter. Penelope Bourbon set out to create a series of four grain expressions that are approachable and pleases the palate of bourbon connoisseurs and novices, alike.
